00001
DEFINITIONS

CCF 1 CCF = 100 cubic feet of gas. This is how we measure your monthly usage.

Customer charge and base amount. Covers fixed costs for reading meters, issuing bills, maintaining facilities and gas lines, postage, etc. These costs occur even if you do not use gas during a billing period.

Gas Cost Adjustment (GCA) is the cost CenterPoint Energy pays for the gas it delivers to its customers.

Storage Inventory charge allows the Company the opportunity to recover the regulated carrying cost of its investment in storage.

Reimbursement of local franchise fee is a fee paid to the city for the company’s use of right-of-way in streets and alleys.

Reimbursement of state gross receipts tax is a tax imposed by the State of Texas on each utility company located in an incorporated city having a population of more than 1,000.

For a more detailed description of each of the terms used on your bill, please visit CenterPointEnergy.com/definitions or call Customer Support at 800-427-7142.

Prevent carbon monoxide exposure

Get your natural gas heating system inspected, tuned up by a certified technician.

Annual inspection should include:
- Checking heat exchanger for cracks, rust.
- Examining burners to make sure they're producing a clear blue flame.
- Checking vents and pipes to make sure they're clear of debris, obstructions, gaps, leaks, rust.
- Replace batteries in CO monitor.

CenterPointEnergy.com/CarbonMonoxide

Prep your AC unit for winter

With fall and winter rolling in, protect your central AC unit that sits outside and braves the elements all year long with these quick and easy DIY steps:

1) Clean Up  Sweep any leaves, grass clippings or dirt from around the unit. Then take a hose and rinse off any bugs, dirt or nests that have accumulated as well.

2) Take a Listen  Take a moment and listen to your AC unit while it is running to hear any noises. Hear any banging, grinding, clunking or buzzing? You may need repairs. Get these fixed now.

3) Insulate  Nothing worse than a burst pipe. Insulating your pipes is vital during the winter months.

A safety message from CenterPoint Energy

If you smell natural gas, leave immediately. Call our Gas Leak Hotline at 866-296-6815. Do not use or store flammable products such as gasoline in the same room or area near the water heater or any other gas appliance.

Si percibes un olor a gas natural, sal inmediatamente. Llama a nuestra línea telefónica para fugas de gas a uno de los números de teléfono que aparecen arriba. No use ni almacene productos inflamables tales como gasolina en la misma habitación o en áreas cercanas a un calentador de agua u otro tipo de aparato a gas.

How to read your meter

The following is an example of how to read a typical meter index.

Look at the four dials with their curved arrows. Read from right to left as follows:

1. Read the "thousand-foot" dial as 7, the last number that the pointer passed. Note that the curved arrow on the dial shows a clockwise movement of the pointer.
2. Read the next dial, the "O-thousand" dial. The curved arrow on the dial above shows a
counterclockwise direction. The pointer is near the 9, but to be sure whether to read it as that number or the lower number, 8, the previously mentioned "same or lower number rule" must be applied. Since the pointer in the "thousand-foot" dial to the right is nearer the 8 and the pointer has not reached the 0, the "O-thousand" dial should be read as 8.
3. Read the "100-thousand" dial, it seems to point to 2. Double-check by using the rule above. Since the pointer of the "100-thousand" dial is between 8 and 9, take the lower reading number, 1, for the "100-thousand" dial.
4. Read the left-most dial, the "million-foot" dial. The pointer is near the 6. Using the "same or lower number rule", we find the pointer on the dial to the right is between 1 and 2, so we read the "million-foot" dial exactly as the number it is on or near, 6.

The entire meter reading is 6187.
Rates have been reduced due to a Tax Refund. For more information, please visit CenterPointEnergy.com/TXTaxReform.

To report gas leaks, carbon monoxide and other gas emergencies, please call 1-888-876-5786. We appreciate your understanding that billing inquiries cannot be answered on this line.

Pay your next bill without lifting a finger. To enroll in AutoPay, just sign and date the back of your bill stub and return to us with a check for your payment amount. It's that easy!
