**How to pay your bill**

**Online**

Visit CenterPointEnergy.com/paybill. Pay immediately, schedule a payment or set up automatic monthly payments.

**Phone**

Call 800-427-7142 and make a payment using your checking or savings account, or by debit or credit card.

**In person**

To find a payment location, visit CenterPointEnergy.com/paybill or call 800-427-7142.

**Mail**

Return the payment stub below, with your check or money order, using the return envelope.
## Definitions

CCF 1 CCF = 100 cubic feet of gas. This is how we measure your monthly usage.

Customer charge and base amount. Covers fixed costs for reading meters, issuing bills, maintaining facilities and gas lines, postage, etc. These costs occur even if you do not use gas during a billing period.

Gas Cost Adjustment (GCA) is the cost CenterPoint Energy pays for the gas it delivers to its customers.

Storage inventory charges allow the company the opportunity to recover the regulated carrying cost of its investment in storage.

Reimbursement of local franchise fees is a fee paid to the city for the company’s use of right-of-way in streets and alleys.

Reimbursement of state gross receipts tax is a tax imposed by the State of Texas on each utility company located in an incorporated city having a population of more than 1,000.

For a more detailed description of each of the items used to calculate your bill, please visit CenterPointEnergy.com/definitions or call Customer Support at 800-427-7142.

### Your account, managed your way

- Sign up at CenterPointEnergy.com/myaccount
- 24/7 online account access. View and/or pay your bill, view usage history, sign up for account services and much more.
- Go paperless. Receive an email when your bill is ready to view and pay. Get convenience, get rid of clutter.
- Pay automatically. Set up AutoPay by signing and returning the form below with your check payment. It's that easy!
- Even out the highs and lows of your monthly bills. Enroll in Average Monthly Billing and spread your natural gas costs throughout the year.
- Get bill reminders. Choose text or email, up to five days before your bill is due.

- Other services. Report a payment made at a payment location, set up a payment extension and much more. View options from your online account or visit CenterPointEnergy.com/selfservice if you'd prefer not to register.
- Moving? Please call us at 800-427-7142 at least two weeks before you move, or complete the forms at CenterPointEnergy.com/selfservice

Mail payments to CenterPoint Energy, PO Box 4981, Houston, TX 77210-4981
Manage billing peaks

Get Average Monthly Billing.

Cold weather typically means more natural gas used for heating. Combine that with forecasted increases in the cost of natural gas and you will likely see higher heating bills this year compared to last year.

With Average Monthly Billing (AMB), you can smooth out those monthly billing peaks for more predictable bills that are easier on your budget.

To learn more, visit CenterPointEnergy.com/AMB.

Know the signs of CARBON MONOXIDE (CO) exposure

- Headaches
- Nausea
- Breathlessness
- Dizziness
- Collapse
- Loss of consciousness

CO is a colorless, odorless, tasteless gas that, when inhaled, is dangerous and potentially poisonous.

- Common sources: poorly maintained, improperly vented furnaces, space heaters and stoves
- Treatment: breathing fresh air or oxygen, but severe exposure requires medical attention

Stay safe, connected and informed this storm season with Storm Center

CenterPoint Energy is committed to the safety and well-being of the communities we share, and we want to make sure you and your loved ones are prepared for storm season.

Check out essential tips that can help you stay safe before, during and after a storm:

CenterPointEnergy.com/StormCenter

Smell gas? Leave fast!

Notice a suspicious odor in your home? If it smells like rotten eggs, it could be a gas leak. Follow these steps to stay safe:

Leave immediately on foot.

Do not use your telephone or appliances, light a match or turn light switches on or off. Sparks could ignite natural gas.

Call CenterPoint Energy or 911 from a safe distance. Do not assume someone else has already called. The gas leak will be investigated at no charge.

A safety message from CenterPoint Energy

If you smell natural gas, leave immediately. Call our Gas Leak Hotline at 800-296-9815. Do not use or store flammable products such as gasoline in the same room or area near the water heater or any other gas appliance.

How to read your meter

The following is an example of how to read a typical meter index:

1. Read the "thousand-foot" dial as 7, the last number that the pointer passed. Note that the curved arrow on the dial shows a clockwise movement of the pointer.
2. Read the next dial, the "10-thousand" dial. The curved arrow on the dial above shows a counterclockwise direction. The pointer is near the 9, but be sure whether to read it as that number or the lower one, 8, the previously mentioned "same or lower number rule" must be applied. Since the pointer in the "thousand-foot" dial to the right is nearer the 8 and the pointer has not reached the 9, the "10-thousand" dial should be read as 8.
3. Read the "100-thousand" dial, it seems to point to 2. Double check by using the rule above. Since the pointer of the "10-thousand" dial is between 8 and 9, take the lower reading number, 1, for the "100-thousand" dial.
4. Read the left-most dial, the "million-foot" dial. The pointer is near the 6. Using the "same or lower number rule", we find the pointer on the dial to the right is between 1 and 2, so we read the "million-foot" dial exactly as the number it is on or near, 6.

The entire meter reading is 5187.
